Instructions: Detail Listing must include the total of items maturing during the six month period following the report date, regardless of whether or not the capital contribution is expected to be renewed. The schedule must also include proposed capital withdrawals scheduled within the six month period following the report date including the proposed redemption of stock and anticipated accruals which would cause a reduction of Net Capital. These anticipated accruals would include amounts of bonuses, partners' drawing accounts, taxes, and interest on capital, voluntary contributions to pension or profit sharing plans, etc., which have not been deducted in the computation of Net Capital, but which you anticipate will be paid within the next six months.

PENSION PLANNERS SECURITIES, INC.

FINANCIAL STATEMENTS AND SUPPLEMENTARY SCHEDULES Year ended September 30, 2004

To the Board of Directors Pension Planners Securities, Inc. Sacramento, California

I have audited the accompanying balance sheet of Pension Planners Securities, Inc., as of September 30, 2004 and the related statements of income and retained earnings, and cash flows for the year then ended. These financial statements are the responsibility of the Corporation's management. My responsibility is to express an opinion on these financial statements based on my audit.

I conducted my audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that I plan and perform the audit to obtain reasonable assurance about whether the financial statements are free of material misstatement. An audit includes examining, on a test basis, evidence supporting the amounts and disclosures in the financial statements. An audit also includes assessing the accounting principles used and significant estimates made by Management, as well as evaluating the overall financial statement presentation. I believe that my audit provides a reasonable basis for my opinion.

In my opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Pension Planners Securities, Inc., as of September 30, 2004, and the results of its operations and its cash flows for the year then ended in conformity with accounting principles generally accepted in the United States of America.

Also, I have prepared and examined the supplementary schedules (pages 1 through 7 of Form X-17a-5(a)) which follow the notes to the aforementioned financial statements and, in my opinion, they present fairly the information included therein in conformity with the rules of the Securities and Exchange Commission.

Cash paid during the period for:

Income taxes

\$14,294

Disclosure of Accounting Policy

For purposes of the Statement of Cash Flows, the Corporation considers all highly-liquid investments readily convertible to known amounts of cash as cash equivalents.

PENSION PLANNERS SECURITIES, INC. NOTES TO THE FINANCIAL STATEMENTS September 30, 2004

Note 1: Summary of Significant Accounting Policies

The following items comprise the significant accounting policies of the Corporation. The policies reflect industry practices and conform to generally accepted accounting principles.

Corporation's Activities

The Corporation is engaged in the sale of mutual funds and variable annuities to individuals, organizations and businesses in Northern California and Nevada. Commissions are paid by both mutual fund and insurance companies to Pension Planners Securities, Inc., which in turn pays commissions to its security representatives.

Income Taxes

Income tax expense includes current federal and state taxes. There are no deferred taxes as the Corporation reports its income on the same basis of accounting for financial statement and income tax purposes. As of September 30, 2004, the Corporation has capital loss carryovers of \$9,667 available to offset both future federal and state capital gains.

Operations

The Corporation's operations are conducted from the same offices as another corporation controlled by the same shareholders. The related corporation incurs the burden of substantially all common general and administrative expenses, thereby reducing the direct expenses of Pension Planners Securities, Inc. However, Pension Planners Securities, Inc. has been charged \$538,746 by the related corporation for common expenses which include payroll tax expense related to compensation paid to the Corporation's shareholder employees. Management believes that this amount adequately reflected its share of the common expenses for the year ended September 30, 2004. The total charges are included in and are listed as common administrative expenses in the income statement.

Note 2: <u>Investments - Securities</u>

The balance represents investments in equity securities at the lower of cost or market for all the equity securities held at September 30, 2004.

PENSION PLANNERS SECURITIES, INC. NOTES TO THE FINANCIAL STATEMENTS September 30, 2004

Note 3: Related Party Transactions

Commissions of \$319,290 for the year ended September 30, 2004 were paid to the shareholders and is included in commissions expense on the statement of income and retained earnings.

A related corporation is common paymaster for the reporting of payroll of the Corporation's shareholder employees (officer's compensation in the statement of income). Thus, a reimbursement to the common paymaster for federal and California employer payroll taxes has been paid to the related corporation and is included in the statement of income with common general and administrative expense (see Note 1 Operations).

Note 4: Net Capital Requirement

Pursuant to the net capital provisions of Rule 15c3-1 of the Securities Exchange Act of 1934, the Corporation is required to maintain net capital of not less than \$5,000; at September 30, 2004, the Corporation had net capital of \$93,514.

PENSION PLANNERS SECURITIES, INC. September 30, 2004

Pension Planners Securities, Inc. does not retain customer funds or customer securities. The following schedules are inapplicable and thus have not been prepared:

- Computation for Determination of Reserve Requirements pursuant to Rule 15c3-3
- Information Relating to the Possession or Control Requirements pursuant to Rule 15c3-3
- A Reconciliation pursuant to Rule 17a-5(d)(4)

Greg M. Lang, C.P.A.

SUPPLEMENTARY REPORT ON INTERNAL ACCOUNTING CONTROL

To the Board of Directors Pension Planners Securities, Inc. Sacramento, California

I have examined the financial statements of Pension Planners Securities, Inc. for the year ended September 30, 2004 and have issued my report thereon dated November 23, 2004. As part of my examination, I made a study and evaluation of the system of internal accounting control to the extent I considered necessary to evaluate the system as required by generally accepted auditing standards and Rule 17a-5 of the Securities and Exchange Commission. This study and evaluation included the accounting system. The Corporation is exempt from compliance with Rule 15c3-3. No facts came to my attention indicating that the conditions of the exemption had not been complied with during the period. Rule 17a-5 states that the scope of the study and evaluation should be sufficient to provide reasonable assurance that any material weakness existing at the date of my examination would be disclosed. Under generally accepted auditing standards and rule 17a-5, the purposes of such study and evaluation are to establish a basis for reliance thereon in determining the nature, timing, and extent of other auditing procedures necessary for expressing an opinion on the financial statements and to provide a basis for reporting material weaknesses in internal accounting control.

The objective of internal accounting control is to provide reasonable, but not absolute, assurance concerning the safeguarding of assets against loss from unauthorized use or disposition and concerning the reliability of financial records for preparing financial statements and maintaining accountability for assets. The concept of reasonable assurance recognizes that the cost of a system of internal accounting control should not exceed the benefits derived and also recognizes that the evaluation of these factors necessarily requires estimates and judgment by Management. However, for the purposes of this report under Rule 17a-5, the determination of weaknesses to be reported was made without considering the practicability of corrective action by Management within the framework of a cost/benefit relationship.

There are inherent limitations that should be recognized in considering the potential effectiveness of any system of internal accounting control. In the performance of most control procedures, errors can result from misunderstanding instructions, mistakes of judgment, carelessness, or other personnel factors. Control procedures whose effectiveness depends on

segregation of duties can be circumvented by collusion. Similarly, control procedures can be circumvented intentionally by Management either with respect to the execution and recording of transactions or with respect to the estimates and judgments required in the preparation of financial statements. Further, projection of any evaluation of internal accounting control to future periods is subject to the risk that the procedures may become inadequate because of changes in conditions or that the degree of compliance with the procedures may deteriorate.

My study and evaluation of the system of internal accounting control for the year ended September 30, 2004, which was made for the purposes set forth in the first paragraph above, and would not necessarily disclose all weaknesses in the system that may have existed during the period, disclosed no weakness that I believe to be material except that often substantially all accounting functions are performed or directed by one individual and supervised or intermittently reviewed by one individual (shareholder). This lack of segregation of duties allows opportunity for accounting improprieties to occur without collusion. Although not a formal control, each of the shareholders has full access to all accounting records and is extremely familiar with the transactions and business activities of the Corporation.
